

# MONTHLY HOROSCOPE

# Cancer

Stop being so crabby!

You're a soft lumpy morsel, but don't forget you've got a hard shell, snapping claws and you walk sideways. This can be peculiar for those who don't know you. Your quirkiness is what makes you so great, so rest those claws. Just take life in your own peculiar stride.

**Your lucky tunes:**

Walk like an Egyptian, The Bangles.

**Success of the month:**

Avoiding oncoming traffic.

**Potential downfall:**

Roads.
